Sendgrid Account :

The screenshot displays the Twilio SendGrid dashboard for a user named Sanjeev P.N. The left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. Below these links, it shows a 'REPUTATION' of 100% and 'WEB_ACCOUNT_USAGE'. The main content area features a 'Welcome, Sanjeev!' message with instructions to follow setup steps. A prominent blue banner reads 'Send your first emails with Twilio SendGrid'. Below this, the 'Create a sender identity' section explains the need for a sender identity and offers two options: 'Create a Single Sender' (highlighted in a blue button) and 'Authenticate a domain instead'. A sub-section 'Send your first email' states that a sender identity must be created first. At the bottom, the 'Remove email sending limits' section includes a progress bar for 'Finish your account setup' (0 out of 4 completed) and a 'Select a paid plan' section with a note to complete setup steps to select a plan, mentioning 'API' or 'Marketing Campaigns' plans.
